Term 1 2017

March 31st. 2017

Dear Parents,

It has been a fast and furious term non-stop full of fun and learning. Many new activities have been introduced to the children and they have enthusiastically participated in all of them. Since the first day we have introduced Fitness, SRA, Reading Eggspress, Spelling, Homework, Grade 2 assembly and 2 Integrated studies units.

During fitness, many of the children have increased their stamina and their ability to run around the oval or the running track without stopping. Many of them have a goal to be able to run twice around without stopping, by the end of the year. SRA is our reading comprehension program where the children work at their own reading level to independently complete reading cards. All children are trying their hardest during their 2 SRA sessions a week.

Writing and Maths groups will commence next term on Wednesday and Thursday mornings as of week one.

Next term our Integrated Studies unit will be Make it, Move it.

Fete

All stalls still need helpers for the fete. Please use the on line booking system or write your name on the rosters provided at the classrooms. Also don't forget early bird ride tickets and keep those jars coming in for the Lucky Jar stall.

Super sandwich day

Super sandwich day was a great success with many children trying foods that they had never had before. The children really enjoyed choosing and making their own sandwiches.

Holiday homework

Over the holidays it would be good for the children to practise their writing by writing about what they are doing, write some lists or a card or a letter to a friend. Continue to do Mathletics and Reading Eggspress over the holidays. Please do not do spelling any further than the ones that we have done throughout the term, ie up to level 1.7, 2.7 or 3.7 depending on their level.

Thank you to everyone for making term one such a smooth and happy term. Looking forward to another busy time when we return after the holidays.

Wishing everyone a safe and happy holiday.
