

Year 5 News – March

Interesting fact - Four of the five deadliest fires of Australia on record have been in Victoria.

Hi Grade 5 families, Term 1 is certainly flying by and your children have settled beautifully! We are now more than half way through this term and students are immersed into a rich learning environment that is seeing them grow as learners and as little community members. We encourage all our grade 5's to be independent learners and take responsibility for their actions.
