

OAKLEIGH SOUTH PRIMARY SCHOOL DIGITAL TECHNOLOGIES POLICY (INTERNET, SOCIAL MEDIA AND DIGITAL DEVICES)

PURPOSE

To ensure that all students and members of our school community understand:

- (a) our commitment to providing students with the opportunity to benefit from digital technologies to support and enhance learning and development at school
- (b) expected student behaviour when using digital technologies including the internet, social media, and digital devices (including computers, laptops, tablets)
- (c) the school's commitment to promoting safe, responsible and discerning use of digital technologies, and educating students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and digital technologies
- (d) our school's policies and procedures for responding to inappropriate student behaviour on digital technologies and the internet

SCOPE

This policy applies to all students at Oakleigh South Primary School.

Staff use of technology is governed by the Department's Acceptable Use Policy and the ICT Acceptable Use Policy, eSMART Policy, Mobile Device policy and the Acceptable Use Agreement for Digital Technologies Policy.

DEFINITIONS

For the purpose of this policy, "digital technologies" are defined as being any networks, systems, software or hardware including electronic devices and applications which allow a user to access, receive, view, record, store, communicate, copy or send any information such as text, images, audio, or video.

POLICY

Vision for digital technology at our school

Oakleigh South Primary School understands that digital technologies including the internet, apps, computers and tablets provide students with rich opportunities to support learning and development in a range of ways.

Through increased access to digital technologies, students can benefit from enhanced learning that is interactive, collaborative, personalised and engaging. Digital technologies enable our students to interact with and create high quality content, resources and tools. It also enables personalised learning tailored to students' particular needs and interests and transforms assessment, reporting and feedback, driving new forms of collaboration and communication.

Oakleigh South Primary School believes that the use of digital technologies at school allows the development of valuable skills and knowledge and prepares students to thrive in our globalised and inter-connected world. Our school's vision is to empower students to use digital technologies to

reach their personal best and fully equip them to contribute positively to society as happy, healthy young adults.

Safe and appropriate use of digital technologies

Digital technology, if not used appropriately, may present risks to users' safety or wellbeing. At Oakleigh South Primary School, we are committed to educating all students to be safe, responsible and discerning in the use of digital technologies, equipping them with skills and knowledge to navigate the digital age.

At Oakleigh South Primary School, we:

- use online sites and digital tools that support students' learning, and focus our use of digital technologies on being learning-centred
- restrict the use of digital technologies in the classroom to specific uses with targeted educational or developmental aims
- supervise and support students using digital technologies in the classroom
- effectively and responsively address any issues or incidents that have the potential to impact on the wellbeing of our students
- have programs in place to educate our students to be promoting safe, responsible and discerning use of digital technologies, including [insert details of specific programs]
- educate our students about digital issues such as online privacy, intellectual property and copyright, and the importance of maintaining their own privacy online
- actively educate and remind students of our *Student Engagement* policy that outlines our School's values and expected student behaviour, including online behaviours
- have an Acceptable Use Agreement outlining the expectations of students when using digital technology at school
- use clear protocols and procedures to protect students working in online spaces, which includes reviewing the safety and appropriateness of online tools and communities, removing offensive content at earliest opportunity
- educate our students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and other digital technologies
- provide a filtered internet service to block access to inappropriate content
- refer suspected illegal online acts to the relevant law enforcement authority for investigation
- support parents and carers to understand safe and responsible use of digital technologies and the strategies that can be implemented at home through regular updates in our newsletter and annual information sheets.

Distribution of school owned devices to students and personal student use of digital technologies at school will only be permitted where students and their parents/carers have completed a signed Acceptable Use Agreement.

It is the responsibility of all students to protect their own password and not divulge it to another person. If a student or staff member knows or suspects an account has been used by another person, the account holder must notify [insert relevant role, i.e. classroom teacher, the administration] as appropriate, immediately.

All messages created, sent or retrieved on the school's network are the property of the school. The school reserves the right to access and monitor all messages and files on the computer system, as necessary and appropriate. Communications including text and images may be required to be disclosed to law enforcement and other third parties without the consent of the sender.

Student behavioural expectations

When using digital technologies, students are expected to behave in a way that is consistent with Oakleigh South Primary School's *Statement of Values, Student Wellbeing and Engagement* policy, and *Bullying Prevention* policy.

When a student acts in breach of the behaviour standards of our school community (including cyberbullying, using digital technologies to harass, threaten or intimidate, or viewing/posting/sharing of inappropriate or unlawful content), Oakleigh South Primary School will institute a staged response, consistent with our policies and the Department's *Student Engagement and Inclusion Guidelines*.

Breaches of this policy by students can result in a number of consequences which will depend on the severity of the breach and the context of the situation. This includes:

- removal of network access privileges
- removal of email privileges
- removal of internet access privileges
- removal of printing privileges
- other consequences as outlined in the school's *Student Wellbeing and Engagement* and *Bullying Prevention* policies.

OAKLEIGH SOUTH PRIMARY SCHOOL ACCEPTABLE USE AGREEMENT FOR DIGITAL TECHNOLOGIES

Part A: School Profile Statement

At Oakleigh South Primary School we support the rights of all members of the school community to be provided with and engage in a safe, inclusive and supportive learning environment. This extends to the use of digital tools and online communities and is underpinned by our expectation of safe and responsible behaviour of all members of the school community. We request that parents/guardians work with us and encourage this behaviour at home.

Our students, through cyber-safety programs and personal/interpersonal development programs will be taught how to demonstrate appropriate behaviours whilst using digital technologies. The children will be taught to respect others online, using information found on the web, and to observe protocols such as keeping passwords secure, not discussing personal information online.

At Oakleigh South Primary School we:

- have a **Student Engagement Policy** that states our school's values and expected standards of student behaviour, including actions and consequences for inappropriate online behaviour
- educate our students to be safe and responsible users of digital technologies
- raise our students' awareness of issues such as online privacy, intellectual property and copyright
- supervise and support students when using digital technologies for educational purposes
- provide a filtered internet service but acknowledge that full protection from inappropriate content can never be guaranteed
- respond to issues or incidents that have the potential to impact on the wellbeing of our students
- know that some online activities are illegal and as such we are required to report this to the appropriate authority
- provide parents/guardians with a copy of this agreement
- support parents/guardians to understand safe and responsible use of digital technologies, potential issues and the strategies that they can implement at home to support their child; providing this Acceptable Use Agreement and current information from both the Department of Education and Training and the Office of the Children's eSafety Commissioner:
 - [Bullystoppers Parent Interactive Learning Modules](http://www.education.vic.gov.au/about/programs/bullystoppers/Pages/parentmodules.aspx)

Part B - Student Declaration

When I use digital technologies and the internet I agree to be a safe, responsible and ethical user at all times, by:

- respecting others and communicating with them in a supportive manner; never writing or participating in online bullying (e.g. forwarding messages and supporting others in harmful, inappropriate or hurtful online behaviours)
- protecting my privacy; not giving out personal details, including my full name, telephone number, address, passwords and images
- protecting the privacy of others; never posting or forwarding their personal details or images without their consent
- talking to a teacher or a trusted adult if I personally feel uncomfortable or unsafe online
- talking to a teacher or a trusted adult if I see others participating in unsafe, inappropriate or hurtful online behaviours
- carefully considering the content that I upload or post online; knowing that this is a personal reflection of who I am and what people think of me
- investigating the terms and conditions of use (e.g. age restrictions, parental consent requirements) and if my understanding is unclear seeking further explanation from a trusted adult
- confirming that I meet the stated terms and conditions and completing the required registration processes with factual responses about my personal details
- handling ICT devices with care and notifying a teacher of any damage or required attention
- abiding by copyright and intellectual property regulations; requesting permission to use images, text, audio and video and cite references where necessary
- not downloading unauthorised programs, including games
- not interfering with network systems and security, the data of another user or attempting to log into the network with a user name or password of another student.

In addition, when I use my personal mobile devices (including my phone) I agree to be a safe, responsible and ethical user at all times, by:

- respecting others and communicating with them in a supportive manner, including outside school hours and in social contexts by not making harassing phone calls/text messages or forwarding on messages
- obtaining appropriate consent from individuals who appear in images or sound and video recordings before forwarding them to other people or posting/uploading them to online spaces

Part C – Student Commitment – Acknowledgement

(PLEASE RETURN THIS PAGE TO THE SCHOOL)

This Acceptable Use Agreement applies to all digital technologies and environments, including (although not limited to):

- school owned ICT devices (e.g. desktops, laptops, printers, scanners)
- mobile phones and student owned devices
- email and instant messaging
- internet, intranet
- social networking sites (e.g. Facebook)
- video and photo sharing websites (e.g. YouTube)
- blogs or micro-blogs (e.g. Twitter)
- forums, discussion boards and groups (e.g. Google groups)
- wikis (e.g. Wikipedia)
- vod and podcasts
- video conferences and web conferences

This Acceptable Use Agreement applies when digital technologies are being used at school, during school excursions, at camps and extra-curricular activities, and at home.
