

OAKLEIGH SOUTH PRIMARY SCHOOL

COVID-19 POLICY TERM 4

Purpose

The purpose of this policy is to outline to parents, carers and students how our school will be managing risk and other operational matters relating to Coronavirus (COVID-19) during Term 4, 2020.

Oakleigh South Primary School is committed to providing a safe learning and working environment for our students and staff. We ask for all members of the school community to follow this policy to enable us to provide the safest possible environment during this time. We all have a role to play in stopping the spread of COVID-19 in Victoria.

Background

Oakleigh South Primary School is following the advice for schools from the Department of Education and Training which can be found on the Department's website at: Coronavirus (COVID-19).

Scope

This policy applies to everyone in the Oakleigh South Primary School community engaging in on-site learning or visiting school grounds. This includes all members of staff (principals, teachers and education support staff), all parents/carers who interact with the school and all students. It also includes visitors to the school. Information specific to staff only and not directly relevant to students and their families is not included in this policy.

Details

On-site learning and remote learning from home

We are pleased to advise that all students will return to full-time on-site learning commencing the week beginning Monday 12 October. Information on starting dates and times for each year level have been provided to parents via Operoo.

Term 4 priorities

We will continue to have in place strong measures to protect the health and safety of students, staff, families and the community. In addition to the health and safety measures outlined in this policy, we will be focused on three key priorities in Term 4:

Mental health and wellbeing

Our highest priority will be the wellbeing, particularly the mental health, of every student and member of staff. This means effectively mobilising all available resources to support our most vulnerable students and enabling staff to access the relevant support services.

Learning and excellence

Some of our students have thrived in the remote and flexible learning environment, others have maintained their learning progress, and some have fallen behind, despite their best efforts and those of their families and teachers. Our priority will be supporting both those who need it to catch up and those who have progressed to continue to extend their learning.

Transitions

We will make every effort to ensure successful transitions for children moving from kindergarten into Prep and the Grade 6s moving into Year 7.

Health and safety at school

Our school follows the Department and Victorian Chief Health Officer's advice and requirements in relation to health and safety. The health and safety measures relating to students are outlined below. These health and safety measures are regularly reviewed in line with the changing context of COVID-19 in Victoria. As a result, as Term 4 proceeds, some measures may no longer be required and/or new measures may be introduced.

Unwell students (including students who have been tested)

- Unwell students must stay home.
- Where students have been tested for coronavirus (COVID-19) they are required to isolate at home and must not attend school until they are both symptom free and have received their results (provided the result is negative).

Managing unwell students at school

- Students experiencing compatible symptoms with coronavirus (COVID-19), such as fever, cough, chills or sweats, shortness of breath, sore throat, runny nose, loss of smell or taste, will be isolated in an appropriate space with suitable supervision and collected by a parent/carer as soon as possible. Urgent medical attention will be sought where needed. Unwell students will not be permitted to travel home unsupervised.
- Health care plans, where relevant, should be updated to provide additional advice on monitoring and identification of the unwell child in the context of coronavirus (COVID-19).
- If a staff member is unsure whether a student is unwell in the first instance we will contact the parent/carer to discuss any concerns about the health status of the student, and we will take a precautionary approach, requesting the parent/carer to collect their child if concerns remain. A trained staff member may take the temperature of the student, where appropriate, to support decision-making. Gloves will be worn for the purpose of taking a temperature.
- Parent/carers of students experiencing compatible symptoms with coronavirus (COVID-19) will be encouraged to seek the advice of their healthcare professional who can advise on next steps. Students should not return until symptoms resolve.

Managing a suspected or confirmed case of COVID-19

The Department has comprehensive procedures in place with the Department of Health and Human Services to manage suspected or confirmed cases of coronavirus (COVID-19) in schools. In accordance with these procedures:

- The school will contact the Department by calling 1800 126 126 to report an IRIS incident alert if a student or staff member tests positive to coronavirus (COVID-19). The school will not need to take further action, until directed to do so.
- The Department will notify WorkSafe on behalf of the school.
- WorkSafe may be in contact with the school to ensure the school is following the health and safety guidance outlined in the DET Operations Guide and has implemented their COVID-19 Safety Management Plan.
- The school will contact the OHS Advisory Service (1300 074 715) for support in managing occupational health and safety matters.

DHHS defines 'close contact' as someone who has either:

- had at least 15 minutes of face-to-face contact with a confirmed case of coronavirus (COVID-19)
- shared a closed space for more than two hours with someone who is a confirmed case.

Face masks

- All school staff on site will wear facemasks unless exempt due to a medical condition or disability but may remove their face covering when teaching students.
- Primary school students may wear masks if they wish during school hours, we ask that parents provide a named zip lock bag that students can place the mask into at lunch eating time.
- Primary students who have turned 12 years old must wear a mask going to and from school, we ask that parents provide a named zip lock bag that students can place the mask into at lunch eating time.
- Parents are required to wear masks whenever they leave the house, including for a school drop off and pick up. When travelling in a car alone, or only with members of their household, they do not need to wear a mask.

Physical distancing

- Wherever possible we will encourage and support physical distancing of students however the Department and Victorian Chief Health Officer has acknowledged that physical distancing in schools is practicably difficult to achieve and has not mandated this practice.
- Parents are asked to observe physical distancing requirements (1.5 metres) whenever dropping off or collecting students from school and must not congregate at the school gate.
- Ensure physical distancing
- Staff will practise physical distancing between themselves and other staff members or adults to the extent that is reasonably practicable. Staff should physically distance themselves from students where appropriate and feasible.
- Students will practise physical distancing where possible. Maintaining a physical distance of 1.5 meters will not always be practical in the school environment and may be particularly challenging in the younger years of primary school. In these contexts, a combination of health and safety measures will be utilised to reduce risk.
- Density quotients of one person per 4m² do not apply in classrooms and other spaces for the purposes of student use, including corridors and other shared areas.
- Density quotients will apply to staff areas such as staff lunchrooms and areas accessed by the public, such as reception areas.
- Staff will be reminded to maintain physical distancing from each other as much as practical.
- Staggered recess and lunchtimes will be rostered for the junior and senior school so that access to shared physical spaces and food preparation areas can be managed. Each year level will have their own food preparation area.
- Remind students, staff and visitors including through signage, of the importance of physical distancing where possible.

Hand, food and drink hygiene

- Hand sanitiser will be available at entry points to classrooms and students will be educated on the importance of this health and safety measure.
- All people on school grounds must undertake regular hand hygiene, particularly on arrival to school, before and after eating, after blowing their nose, coughing, sneezing or using the toilet.
- Where shared equipment is necessary, students will be required to exercise strict hand hygiene before and after use.
- Students must not drink from the school water fountains and must bring their own water bottle for use and refilling at school.
- Students must not share their food.

Air ventilation

- Wherever possible, we will increase fresh air into indoor spaces and maximise the use of outdoor learning areas and environments.

Temperature checks

- Mandatory temperature testing of all students is no longer required. However, we will continue to heed Department and Chief Health Officer advice on this, and temperature checks may be reintroduced if the current levels of community transmission in Victoria increase.

Mobile phones

- The Department and school's mobile phone policies continue to apply and we ask that students clean their phones regularly.

Health, Wellbeing and inclusions Workforces at school

- Health and wellbeing staff (such as Student Support Services, Koorie Engagement Support Officers, Visiting Teachers and school nurses) will continue to provide support to students as required.
- Please contact Ron Cantlon (Principal) for further information.

Record keeping for contact tracing

- To support contact tracing, we are required to keep a record of the name, contact details, date and time of attendance of all staff, students and visitors who attend on-site for more than 15 minutes.
- We are also required to record the areas of the school the person attended.

Work across multiple sites

The school will seek that staff (including contractors and employees of school councils) do not work at other schools or school sites (multiple campuses) in addition to their school, or limit the number of sites at which they work, as far as possible. The school will reduce the mixing between different staff cohorts by holding virtual staff meetings or meeting in smaller groups. The school will maintain a record of all staff members or contractors who have disclosed that they are working at another sites for a different employer.

COVID-19 Safety Management Plan

- Our school follows and implements the Department's COVID-19 Safety Management Plan, available at: [COVID19 Safety Management Plan](#).

GATE/SCHOOL Access

- Parents/carers are NOT permitted to pass through the 4 GATES and enter the school grounds or buildings unless for a pre-arranged early pickup. Parents then must only enter through GATE 1 and wait at the 'Early Pick Up From School Meeting Point' sign.
- Parents may only enter beyond the 4 GATES if they have a pre-arranged appointment with a staff member or are directed to do so by a staff member.
- The staff car park is NOT to be used by parents/carers for school drop off or pick up (even during the day).
- Parents/carers are not to enter the oval unless it is absolutely necessary.

School arrival and departure arrangements for Term 4

To support physical distancing at our school we have arranged for the following staggered arrival and departure times and entry/exit points:

- Grades are to arrive and depart at following times and enter and exit through the following GATES (refer to the map below).

Drop Off

8.45am - Prep (GATE 1), Year 1 (GATE 3), Year 2 (GATE 2) (and siblings of Year Prep, 1 and 2 in Year 3, 4, 5, or 6)

9.15am - Year 3 (GATE 2), 4 (GATE 3), 5 (GATE 1) & 6 (GATE 2) (students without siblings in Year Prep, 1 and 2)

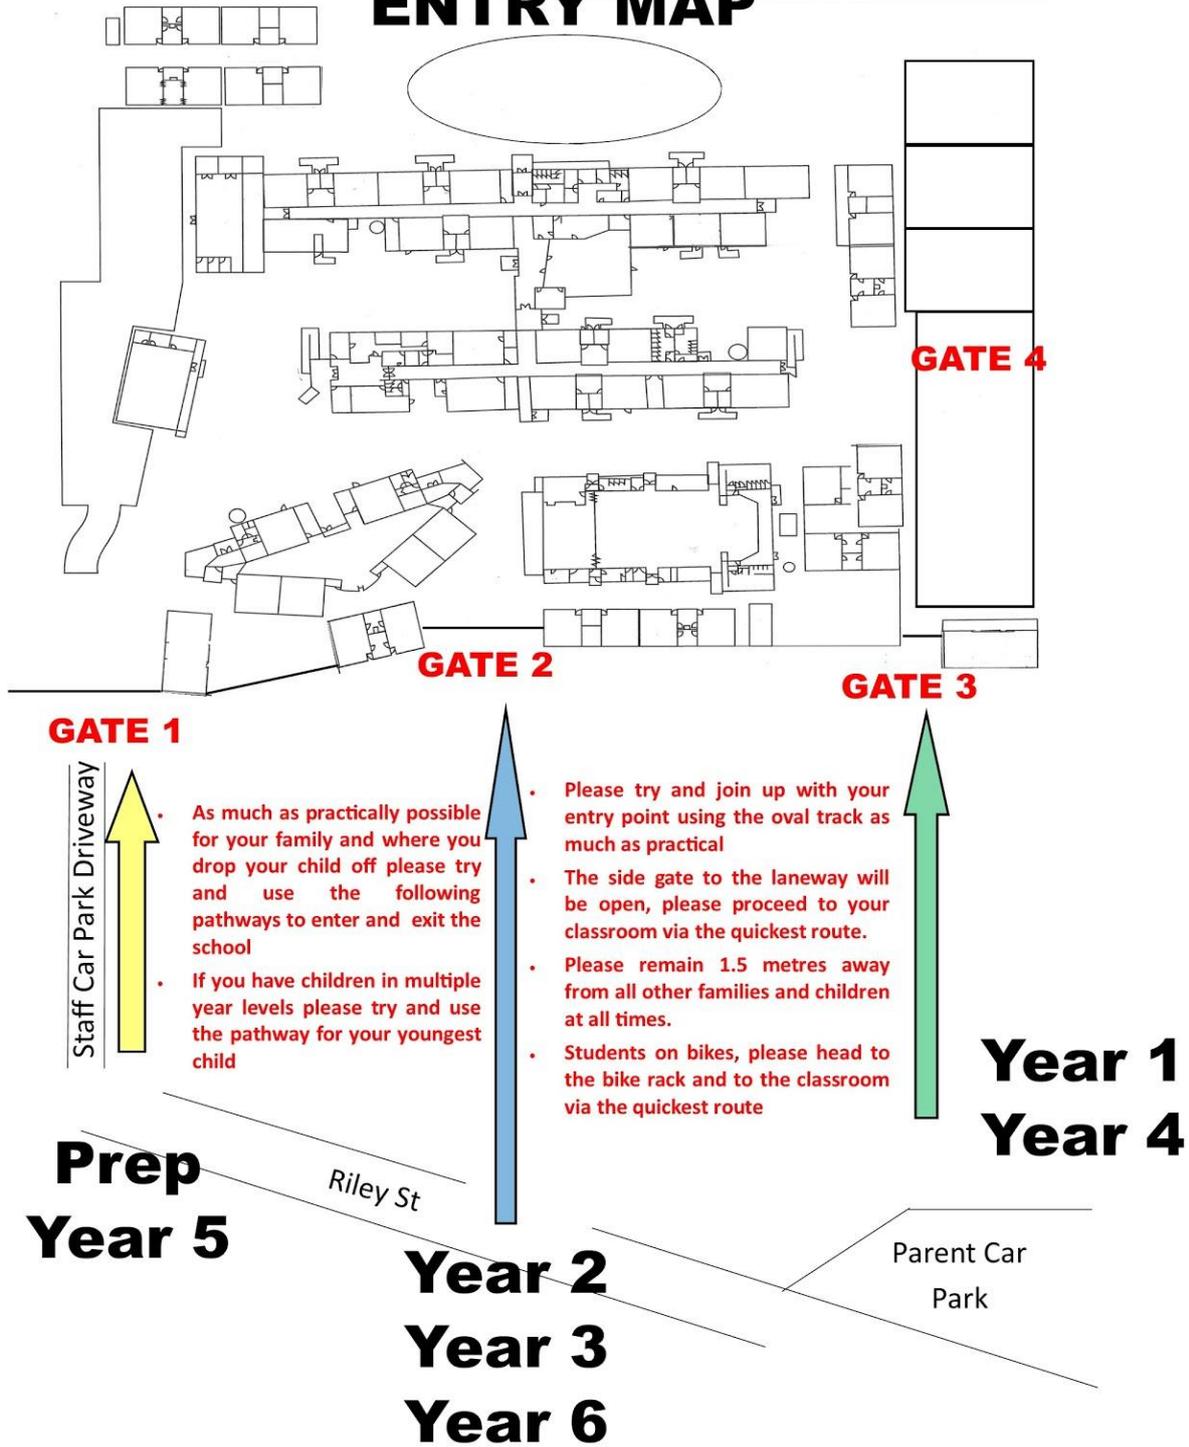

Pick Up

3.15pm	Prep	teacher will dismiss from GATE 1
	Year 1	teacher will dismiss from GATE 3
	Year 2	teacher will dismiss from GATE 2

***** Year 3, 4, 5 & 6 older siblings of Year Prep, 1 & 2 students will also be dismissed at 3.15pm. If older siblings are picking up younger siblings, they meet them at the younger siblings dismissal gate, collect them and meet their parents at a designated pick up point. *****

3.30pm	Year 3, 4, 5 & 6 students who do not have a younger Year Prep, 1 or 2 siblings will be dismissed at 3.30pm.	
	Year 3	dismissed through GATE 2
	Year 4	dismissed through GATE 3
	Year 5	dismissed through GATE 1
	Year 6	dismissed through GATE 2

ENTRY MAP

GATE 1

Staff Car Park Driveway

- As much as practically possible for your family and where you drop your child off please try and use the following pathways to enter and exit the school
- If you have children in multiple year levels please try and use the pathway for your youngest child

- Please try and join up with your entry point using the oval track as much as practical
- The side gate to the laneway will be open, please proceed to your classroom via the quickest route.
- Please remain 1.5 metres away from all other families and children at all times.
- Students on bikes, please head to the bike rack and to the classroom via the quickest route

**Year 1
Year 4**

**Prep
Year 5**

**Year 2
Year 3
Year 6**

Parent Car Park

- GATE 1 Robotics room gate
- GATE 2 Hall gate
- GATE 3 Art room gate
- GATE 4 Lane way gate

Attendance

Normal attendance notification requirements apply for all students. Please refer to our school Attendance Policy for further information.

Exceptions to attendance may exist for medically vulnerable students. The Acting Deputy Chief Health Officer has advised that decisions regarding school attendance should be informed by the nature of a child or young person's

condition, its severity and intensity of required treatment. In most cases, the presence of common conditions of childhood, such as asthma, epilepsy or Type 1 diabetes, should not preclude a student from attending face-to-face learning.

In keeping with expert public health advice, some students may be at higher risk for severe outcomes or complications of coronavirus (COVID-19), for example those with chronic medical conditions. Any student with a chronic medical condition should seek advice from their medical practitioner about attending school on site at different stages in the coronavirus (COVID-19) pandemic.

Please also contact your child's classroom teacher for further support and advice on how we can support your child in these circumstances.

Our school records student attendance in accordance with the Department's [Attendance Policy](#).

School assemblies

School assemblies will not take place face-to-face but instead will occur virtually for students and staff.

Camps and excursions

- Camps and excursions cannot take place. We will inform parents and students if this changes over the course of Term 4.

Sport and recreation

Based on the Department and Chief Medical Officer advice and requirements as at 5 October 2020:

- The playgrounds remain closed for student use before and directly after school to minimise congregation and mixing of year levels.
- The playgrounds are open for use by students during school hours at recess and lunch time. However students should practise hand hygiene before and after use.
- Indoor sport is not allowed. Wherever possible students will participate in physical education or recreational play outdoors and will be discouraged from engaging in contact sport.

Instrumental classes and food technology

- Choirs and wood/wind/brass instrument use is not permitted in schools except where required for essential assessments
- Food preparation can continue with frequent hand hygiene and no sharing of food

Visitors and school tours

Under Department and Victorian Chief Health Officer advice and requirements visitors to school grounds must be limited to those delivering or supporting essential school services and operations (e.g. student health and wellbeing services, cleaning and maintenance workers). This means:

- Parent volunteers must not attend school
- Parent-teacher information sessions and interviews will be conducted remotely online
- On-site school tours for prospective students and their families will not be conducted unless an exemption has been granted by the Principal to support essential educational planning and decision-making for students with disability or highly complex needs.
- Visitors to school grounds must comply with physical distancing and face covering requirements and practise good hand hygiene.

Outside school hours care

Outside School Hours Care will be available for students in accordance with their usual process. Further information is available from Camp Australia.

Interschool activities

All interschool activities that involve on-site attendance by students from other schools will either take place virtually or will be cancelled.

Communication between parents/carers and our school

Parents and carers are encouraged to contact their child's classroom teacher to discuss any concerns or areas of need in regards to their child's learning, health, wellbeing or access to teaching and learning resources.

Cleaning and facilities management

At our school we will:

- Continue extension of routine environmental cleaning, including progressive cleaning throughout the day to ensure that risks of transmission are reduced for high-touch services. See Department information about [Access to cleaning supplies and services](#).
- Carefully consider the necessity of using shared items or equipment e.g.: shared computers, class sets of teaching and learning materials at this time. If so, we will be practising hand hygiene immediately before and after use of any shared equipment.
