Part A: School Profile Statement

At Oakleigh South Primary School we support the rights of all members of the school community to be provided with and engage in a safe, inclusive and supportive learning environment. This extends to the use of digital tools and online communities and is underpinned by our expectation of safe and responsible behaviour of all members of the school community. We request that parents/guardians work with us and encourage this behaviour at home.

Our students, through cyber-safety programs and personal/interpersonal development programs will be taught how to demonstrate appropriate behaviours whilst using digital technologies. The children will be taught to respect others online, using information found on the web, and to observe protocols such as keeping passwords secure, not discussing personal information online.

At Oakleigh South Primary School we:

- have a **Student Engagement Policy** that states our school's values and expected standards of student behaviour, including actions and consequences for inappropriate online behaviour
- educate our students to be safe and responsible users of digital technologies
- raise our students' awareness of issues such as online privacy, intellectual property and copyright
- supervise and support students when using digital technologies for educational purposes
- provide a filtered internet service but acknowledge that full protection from inappropriate content can never be guaranteed
- respond to issues or incidents that have the potential to impact on the wellbeing of our students
- know that some online activities are illegal and as such we are required to report this to the appropriate authority
- provide parents/guardians with a copy of this agreement
- support parents/guardians to understand safe and responsible use of digital technologies, potential issues and the strategies that they can implement at home to support their child; providing this Acceptable Use Agreement and current information from both the Department of Education and Training and the Office of the Children's eSafety Commissioner:

- carefully considering the content that I upload or post online; knowing that this is a personal reflection of who I am and what people think of me

- confirming that I meet the stated terms and conditions and completing the required registration processes with factual responses about my personal details
