

GRADE 3 CHRISTMAS PARTY

Monday 17th December

Dear Parents,

In keeping with our “healthy eating” and environmental emphasis this year, we are planning our end of year class party – with a twist!

The children are organised into small groups. The children are to bring their own sandwich to eat for lunch and their own water bottle. Each group then plans their menu for the day. This could include: sushi, wraps, salad plates, dips with crackers or vegie sticks etc (or... anything else that fits the healthy food bill) for the main course. Each group can then organise fresh fruit and a couple of special treats such as cupcakes, biscuits or slices (no chips or lollies) to eat during the day. We don't have access to ovens so please don't send along food that requires heating.

To add to the excitement each group sets up their own camp on the oval. Picnic rugs, eskys, beach shelters/pop-up tents, games etc etcetc

Remember the children are only catering for their own group – so please don't send enough food for an army!

Pop up tents need to be *child friendly* as the teachers don't “do camping!”

If valuable items are brought to school your child will be responsible for looking after them. (No electronic devices or cameras thank you)

We ask all children to wear school uniform including hats, and remember to be sunsmart and use sunscreen.

We're all looking forward to a great party day to finish off the year!

Regards,

Julie, Jan, Murray, Kim, Jenny, Di, Ken & Maddy

Merry Christmas and a Happy Holiday to everyone. We thank you for your support in 2018.
